

Auditor's report on 2015 Financial Statement

I, Paolo Maltagliati, born in Magenta (MI), on July, 12th 1979, Fiscal Code MLTPLA79L12E801R, registered as Auditor in the Italian Ministry of Economy and Finance's official register (n. 167739), declares to have carried out the procedures for verification of the accounting documentation-original administrative concerning to the balance sheet as at December 31, 2015, prepared and approved by Wikimedia Italia.

I conducted the audit in accordance with laws, regulations and auditing standards and practices generally accepted in Italy, including International standards on Auditing, and taking into account the specific features of the Beneficiary.

The audit was conducted exclusively to prove the correctness and truthfulness of the items included in Wikimedia Italia's 2015 financial statement.

In my opinion, the Financial Statement gives a proper and clear representation of the Financial and Economic situation of Wikimedia Italia's 2015 balance sheet.

In order to produce this audit I verified the following procedures:

- the analysis criteria of revenues and expenditures are the same adopted in other fiscal years and are not against the law and bookkeeping standards
- the financial statement fulfills its duty to produce a valid documentation of the Association's accounting information
- the financial statement does not contain information against the current accounting principles/criteria
- the financial statement does not diverge with facts and information observed
